## ***DMRPC and Angel Tree Project***

Desert Marksman Rifle & Pistol Club was honored at a dinner earlier this month at Edwards Air Force Base. The donation made to the Angel Tree Project went to assure kids of our Service Men and Women received gifts at the holiday. DM help touch the lives of 110 families and over 400 kids. The majority of the family are in Ordnance Removal Units that are deployed for eight months at a time. With one parent deployed it makes it very difficult on the remaining parent to afford the thing we take for granted.

The Club received an award as well as notes for the Base Commander and the Master Sergeant in charge of the charity.

We are lengthening our stride and will be donating again this year, our goal is \$3000, and with your help we will reach our goal. A tax-deductible donation of even \$10 from each member could change the lives of hundreds of kids. Thier parents are serving and protecting us.

You can give it to the gate guard, bring it to the General Member Meeting or mail it in.

Make checks payable to DMRPC, put Angel Tree on the memo line. DM will send the funds along with the clubs donation in November.

This is not only an “at a boy” for DM, this is a challenge to all members and Excom members. Our club President, Gary Royce has pledged to bring his donation of \$10 to the next General Membership Meeting on April 19. I will have my \$10 donation too. So, to the rest of the members, Excom and shooters please donate to this worthy cause.

# 2011 DM Black Powder Rendezvous

The Black Powder Rendezvous has just ended. Our week started out with wonderful weather and a few dieheart campers me included. Our rifle walk thru was a 21 shot event with the highest score at 17. The Pistol walk thru was a 20 shot event and the highest score was 17. A lot of folks had a good time shooting both long and short range. Some targets were hard to see and hard to hit. We also had a nice knife and tomahawk walk thru. I do not know what the high score was but it was a 30 point total. The archery also had a lot of targets and three tries at each target. Some were very good shots and a possible of 300 points. We had alot of singing at camps during the evening hours and a great potluck on Friday evening. Friday the weather turned cold and windy and that put a lot of the campers on edge.

Word was that rain in the amount of two inches was headed our way. The wind gusts were around 40- 80 knots all durning Friday night into Sat morning. We even had to retie somemore ropes on our tent. All our campers and Traders left by Sat afternoon as we did not want motorhomes getting stuck if the rain came. As for me, we elected to stick it out. Saturday night was as bad as Friday with the wind blowing just as hard, but it was a lot colder. We were warm through as my pellet stove was working overtime to keep me warm. We woke to sleet, snow flurries rain and blowing wind.

We went home on Sunday afternoon but had to leave everything there as it was all wet. We got it down on Tuesday when the weather was great again. We hope to see everyone again next year when it comes to the Rendezvous.

**Long Range Rifle Match.**

Thank you to all that came out to shoot for the March Long Range match. Due to the 1000 yard pad being fogged in and some wind in the pits we set up the steel and shot from benches out to 650 yards. The course of fire was 5 shots each at 5 different size plates ranging in size from 6 inches to 30 inches.

1 point for a hit and 0 points for a miss 25 points possible. Be sure to look at the results and see how you ranked against the Harris Brothers and Mr. & Mrs Thompson.

Special thanks for the prize donations from Drews Precision in Victorville and SniperHandle.com and all the folks that make this Match a success. See all of you at the next match on May 21, 2011.
